## Part 2 - Code of Practice for Premium Rate Services

### Purpose of this Code of Practice

This code informs you, our domestic and/or small business customers, about our policies on providing information about Premium Rate Services (PRS) and on our charging policy for calls to PRS.

### Premium Rate Services

Premium rate services (PRS) are telephone numbers that offer some form of information or entertainment that is charged to your phone bill. UK-based PRS numbers are normally prefixed by “09” or “118”. Numbers starting 087 are also designated as Premium Rate numbers and subject to PRS regulation when they cost 7p per minute or more. Typical services include TV votelines, mobile ringtone downloads, technical helplines, charity fund-raising and adult entertainment.

Charges for these services are made up of two parts, a service charge and an access charge and the total is added to your telephone bill. You will see the service charge advertised by the company providing the service alongside the number and this can be between 7p and £3.60 per minute, or £6 per call or per text (including VAT) for 08 and 09 prefixes. Calls to 118 services can cost up to £15.98 per call plus a £7.99 per minute charge (including VAT). The access charge is kept by us, your phone company. Our access charge for calling these services is shown in our price list, which is available on request from our Customer Services Team and via our website.

If you have a problem with PRS, we can help. We can provide advice on checking the telephone number of any PRS charges that appear on your bill and will try to help you identify the premium rate service provider. We can use call barring to restrict access to “09” numbers. Please call our Customer Service Team on 0800 6522256 for advice on this. We can give you a factsheet on PRS.

You can also ask for help from the Phone-paid Services Authority (PSA) which is the industry-funded regulatory body for Premium Rate Services. PSA operates a Code of Practice that sets out standards for the operation of PRS. You can use the PSA website at [www.psauthority.org.uk](http://www.psauthority.org.uk) to check PRS numbers direct and find contact details for the company in question or to submit a complaint. PSA has the legal powers to require a provider of PRS to amend its service or promotional material (or both) and can also order refunds and impose penalties on service providers for breaches of the PSA Code. For other ways to contact Phone-paid Services Authority, see the “Useful addresses” section below.

If you are unhappy with the help you have received from us on a problem with PRS, please contact Mr S Irwin on 0800 6522256 or by email [sirwin@lcccommunications.com](mailto:sirwin@lcccommunications.com) who has responsibility for compliance with our code of practice for PRS and NTS. You may also complain using the complaints procedure set out in our complaints code including, ultimately, referring your complaint to Ombudsman Services.

### The Telephone Preference Service

If you don’t want to get sales and marketing calls you have not requested, you can add your details to a list run by the Telephone Preference Service (TPS). If your number is on the list, it is illegal for a company to call you for marketing purposes. You can contact the Telephone Preference Service via [www.tpsonline.org.uk](http://www.tpsonline.org.uk) or by telephoning 0845 070 0707.
